

## GGR re-certifies as a Cisco Premier Partner status for 18th consecutive year

September 2016

---

For the 18th year in a row, GGR Communications have re-certified as a Cisco Premier Partner, and this achievement re-validates the capabilities and technical credentials of their engineers.

GGR invest heavily in training to ensure that they remain at the forefront of technological innovations. To achieve Premier Partner status, GGR have met, and in some cases exceeded, advanced level criteria across areas including personnel, support and specialisation.

GGR's pre- and post-sales support teams are committed to providing the highest level of service to our clients and are available 24 hours a day, 7 days a week. It's this level of dedication that has secured the re-certification for the 18th consecutive year.
